Parents as Teachers®

THE PARENTS AS
TEACHERS PROGRAM

Home-visiting, parent education model
that provides services to families
with children from
prenatal through kindergarten.

THE PARENTS AS TEACHERS PROGRAM

- Involves you in your child's early education.
- Shows you creative ways to interact with your child to promote healthy growth and development.
- Provides high quality services for families through a comprehensive system of support and innovative solutions.

DID YOU KNOW...

- Parents are their child's first and most important teacher?
- That your home is your child's first classroom?
- That the more you read and speak to your child, the better he or she will do in school?

What is the Parents as Teachers (PAT) Program?

- PAT is a home visiting program for families with children from ages birth to 5 years old.
- Participating families are visited regularly by a trained Parent Educator from prenatal through kindergarten.
- In the sessions with the parent and the child, the Parent Educator provides age-appropriate child development and parenting information, help parents learn to observe their children, and address parenting concerns.
- PAT promotes the optimal early development, learning and health of children by supporting and engaging their parents and caregivers.
